Statement of Non-Discriminatory and Handicap Accessibility (USC-ADA):

USA Beauty Academy in its admission, instruction, and graduation policies and practices does not discriminate on the basis of sex, race, religion, age, ethnic origin, color, disability, financial status, marital status, height weight ratio, sexual orientation, or ancestry. The school does not allow or tolerate bullying, harassment, or

hazing of any sort. If any student or team member experiences or witnesses anyone being bullied, harassed, or hazed in any way you are required to report the matter to the school's Director immediately in order for appropriate action to be taken. If a prospective student or current student needs a special accommodation in accordance with the Americans with Disabilities Act (ADA), they should notify the School Director, as soon as possible in order for the school to assist the student with their accommodation.

Equal Opportunity:

It is a violation of USA Beauty Academy published Policy for any manager, supervisor, faculty member or student to engage in the harassment of, or discrimination against any member of the institutional Community based on gender, age, race, place of national origin, native language, ethnicity, color, financial status, marital status, height weight ratio, disability, sexual orientation, or religion. Inquiries regarding any situation in which the equal opportunity standards or values of this institution may have been violated, should be reported directly and immediately to the CEO, or a managing staff member.

Special Services and Facilities Available to Handicapped Students:

USA Beauty Academy is handicapped accessible at street level. The upper level of the school is not handicapped accessible. The institution will NOT knowingly enroll any student who could not reasonably be expected to benefit from training however there are no special services or facilities provided beyond handicapped accessibility. The school, however, will make a reasonable effort to accommodate the needs of a handicapped or disabled person.

Zero Tolerance

USA Beauty Academy has zero tolerance for any forms of violence or threats, offensive language or aggressive behavior, bullying, use of or possession of illegal substances or alcohol, possession of firearms, ammunition, explosives, fireworks, or any other dangerous weapon (any instrument that may be used to inflict bodily harm), theft and fraud. If anyone is suspected of any of these types of violations, they will be immediately suspended from school during an investigation. Once the investigation is complete and if the suspected party has been found to be in violation of the policy they will be terminated from the program. Future enrollments at will not be approved.

Safety & Health Considerations

A cosmetologist, barber, or esthetician must possess hand-to-eye coordination and leg mobility in order to move about while performing services. Clients are shampooed by their stylist at the shampoo bowl, then moved and seated in an adjustable hydraulic styling chair. The stylist moves around the client as the service is performed. Persons who are unable to stand for long periods of time or have limited mobility would have difficulty using regular shampoo bowls and hydraulic chairs. Manicuring and the application of artificial nails do not require extended standing or mobility. Clients are seated for the entire manicure or artificial nail application. The Esthetician program does not require a great deal of physical mobility, however; hand and finger strength is required for the massage portion of a facial skin service. Facial clients generally recline on an adjustable facial chair with the skin technologist seated at the client's head. Make-up, cosmetic applications, and brow shaping are performed while the client is seated, and the cosmetology professional is in a standing position. Instructors in this profession work a lot on their feet and long hours are required

Hazardous Chemicals:

On a daily basis, students and cosmetology professionals handle and store hazardous chemical solutions and products, which could burn the skin and scalp, damage hair, or produce dangerous fumes if not properly used, mixed, and stored. If a student is, or becomes pregnant at the time of enrollment, or while attending training the school will require a written release from a student's physician before a student is allowed to begin or continue their cosmetology training. *(This policy is intended to protect both the student and student's unborn child.)*

Allergic Reactions:

The products, chemicals, and solutions routinely used by students and cosmetology professionals MAY cause allergic reactions. Students are instructed to follow all manufacturers' instructions to wear disposable gloves, and to protect their clothing by

wearing their lab coats during ALL chemical operations. Should any type of allergic reaction occur, a student is required to immediately notify a staff member.

Your Feet and Legs:

In order to work in the Cosmetology Profession, all students and cosmetology professionals must have the use of their feet and legs. In the future work environment, a cosmetology professional is expected to stand for long hours, while performing services. In order to protect from any type of “career –ending” injury or permanent damage to feet and legs, students are advised to wear closed-toed shoes with socks, with non-skid soles, that have a reasonable heel height. Students and cosmetology professionals work on concrete or linoleum floors, and on a daily basis they lift volume containers of shampoos and other products off shelves. In order to support the feet and legs, and protect them from falls, slipping, or other injuries students must wear appropriate footwear.

Skin and Clothing:

Students and cosmetology professionals handle products and chemical disinfectants that can burn skin, enter the body, and damage clothing. To protect, prevent, and minimize the damage that can be caused by chemical spills, splashes, and to promote general cleanliness, students are required to wear protective smocks and to protect clients with protective aprons.

Physical Contact

Students and cosmetology professionals maintain close body contact with clients. During the performance of a service skin and hair cells pass from the client to the student. A student MAY encounter a parasite or a contagious disease. A student may be exposed to human blood, or other bodily fluids. Students are instructed to wear disposable gloves and their lab coats with the public, and to follow all safety procedures to ensure that a disease or parasite cannot infect the student or additional persons.

Electrical Appliances:

Electrical appliances such as blow dryers and curling irons are used near sink and water areas. These appliances must be properly cared for and maintained so that an electrical shock is not produced. Students are not allowed to use any appliance with a frayed or “taped” cord. All electrical appliances must be plugged into grounded outlets. Electrical cords cannot be stretched across aisle.

Family Educational Rights and Privacy Act (FERPA) Policy

Students and parents or guardians of dependent minor students have the right to review a student’s educational records, to request amendment to student’s educational records, to provide consent prior to disclosure of personally identifiable information, and to file complaint with the U.S. Department of Education regarding the failure of **USA Beauty Academy** to comply with FERPA.

 - h. To parents or guardian of a dependent student.
 - i. To comply with a judicial order or subpoena.
 - j. To meet health or safety emergency.

k. To accrediting agency(ies).

4. All disclosure of information will be recorded in the file and will include parties receiving information and the legitimate interest of the parties for inspection of the records.

Before publishing directory information such as student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities, degrees and awards received and the most recent previous educational agency or institution attended, the school allows the student or guardian to deny authority to publish one or more of these items.

Satisfactory Academic Progress Policy

Satisfactory progress in attendance and academic work is a requirement for all students enrolled in any program and for any category of attendance (part-time/full-time). This policy is provided prior to enrollment to ensure applicants understand all requirements.

1. **Maximum Course Completion Time Frame:** All courses must be completed within one hundred and forty three percent of the published course length (143% program maximum). Should a student exceed the maximum time frame, he or she will be allowed to continue in the program, but over-contract fees of \$5.00 per hour will continue to accrue beyond the contract end date.
2. **Determination of Progress:** Students will be evaluated and provided written evaluations of cumulative attendance and academic status when they reach certain actual clock hours as follows:

Program	Master Cosmetologist	Nail Technician	Esthetician	Nail Technician Instructor
Report Hours	450 900 1200 1500	300 600	450 900 1000	125 250

Anticipated 900 hours in academic year for Master Cosmetologist, and Esthetician; Anticipated 250 hours in academic year for Nail Care Instructor; Anticipated 600 hours in academic year for Nail Technician.

The evaluations will show actual hours versus scheduled hours and will be completed within seven (7) days of the student reaching the above hour checkpoints. Students are only required to sign the formal progress evaluations when and if he/she is below the progress standards (academic or attendance). Students must be evaluated at least by the midpoint of the course or the midpoint of the academic year, whichever occurs sooner. In addition, each student must maintain a cumulative 70% rate of attendance.

3. **Academic Progress Evaluations:** Student Academic Progress (i.e. evaluation on theory, practical and clinical work; however, clinical work is graded on a pass/fail basis only and will not be considered as part of the overall GPA) will be evaluated during the same time periods as stated above in the "Attendance Progress Evaluations". Each student is expected to achieve a minimum grade point average of 75%. The grading system shall be: 100-90% A (Excellent); 89.9-80% B (Above Average); 79.9 – 70% C (Satisfactory); and 69.9 – 0% D (Failing).
4. **Student Status:**
 - ❑ **Satisfactory Academic Progress:** Students who meet the standard for both attendance and academic evaluation period shall be considered to be making Satisfactory Academic Progress until the next scheduled evaluation. To meet requirement for satisfactory academic progress, each student must have a cumulative GPA of 70%, as well as maintained a cumulative attendance rate of 70% of scheduled clock hours.
 - ❑ **Warning and Probation:** Students who fail to meet one, or both, of the evaluation requirements (Attendance or Academic) shall be placed on a *warning* until the next evaluation period. If a student fails to meet one or both of the evaluation requirements (Attendance or Academic) after the warning period, he or she will be placed on *probation if the student prevails upon appeal of a negative progress determination prior to being placed on probation (see appeal information below)*. The school may allow for the status of probation if the institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period. If a student determines this is an inappropriate action based on personal circumstances, he or she may submit an appeal as stipulated in Item 6 below. A student can re-establish progress status by meeting the minimum attendance and/or academic minimum requirements.

- ❑ **Withdrawals:** Academic Progress achieved will not be adversely affected by withdrawals. Students re-entering their program will return in the same SAP status as when they left.
- ❑ **Re-entry:** Re-entry means tuition fees will be adjusted to meet the current tuition rate of the school. Students will re-enroll at the same status at which he or she departed.
- ❑ **Transfer:** Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluations periods will be based on actual contracted hours at the institution.

5. **LEAVES OF ABSENCE & TEMPORARY INTERRUPTIONS**

A student returning from a leave of absence or other official interruption of training must return to the school in the same satisfactory or unsatisfactory progress status as prior to the leave. A leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence.

6. **APPEAL PROCESS**
